ACADEMIC APPOINTMENTS

PROFESSOR	2020–present
Department of Geography, University of Wisconsin-Platteville	
ASSOCIATE PROFESSOR	2015–2020
Department of Geography, University of Wisconsin-Platteville	
ASSISTANT PROFESSOR OF GEOGRAPHY	2009–15
Department of Social Sciences, University of Wisconsin-Platteville	
RESEARCH ASSOCIATE	2014–2018
Wisconsin Geological and Natural History Survey, University of Wisconsin-Extension	
VISITING RESEARCHER	2011–12
Department of Science, Engineering and Mathematics, Mid Sweden University	

EDUCATION

PH.D. GEOGRAPHY, UNIVERSITY OF MINNESOTA – TWIN CITIES	2009
<i>Dissertation title:</i> Status and Dynamics of Whitebark Pine (<i>Pinus albicaulis</i> Engelm.) Forests in Southwest Montana, Central Idaho, and Oregon, U.S.A.	
<i>Graduate Minor:</i> Natural Resources Science and Management	
<i>Committee:</i> Kurt F. Kipfmüller (chair), Lee E. Frelich, Katherine Klink, Bryan N. Shuman, Susy S. Ziegler	
M.S. GEOGRAPHY, THE UNIVERSITY OF TENNESSEE, KNOXVILLE	2005
<i>Thesis title:</i> Spatiotemporal Variations in Fire Regimes of Whitebark Pine (<i>Pinus albicaulis</i> Engelm.) Forests, Western Montana, USA, and Their Management Implications	
<i>Graduate Minor:</i> Environmental Policy	
<i>Committee:</i> Henri D. Grissino-Mayer (chair), David L. Feldman, Sally P. Horn, Ken Orvis	
B.A. ENVIRONMENTAL AND EARTH SCIENCES, WILLAMETTE UNIVERSITY, SALEM, OREGON	2002
<i>Thesis title:</i> Fire History of the Lava Cast Forest, Central Oregon	
<i>Advisor:</i> Karen B. Arabas	

PROFESSIONAL LICENSURE

-
- NWCG Wildland Firefighter Type II
S-130, S190, L180 certificates 2022

ACADEMIC HONORS, AWARDS, AND FELLOWSHIPS

-
- Sabbatical, University of Wisconsin-Platteville Office of the Provost 2022–23
 - Excellence in Teamwork Award to the Indigenous Peoples Day committee, from the University of Wisconsin-Platteville College of Liberal Arts and Education 2021
 - Cowles Award for Best Publication in Biogeography for “People, fire, and pine: Linking human agency and landscape in the Boundary Waters Canoe Area Wilderness and beyond,” published in the *Annals of the American Association of Geographers* 2021
 - Campus Sustainability Award for helping to reestablish a prescribed burn program at UW-Platteville 2021
 - Alliant Energy Underkofler Award for Excellence in Teaching; one of three awards given across the University of Wisconsin system 2017
 - Excellence in Teamwork Award to the TREES Lab, from the University of Wisconsin-Platteville College of Liberal Arts and Education 2017
 - Sabbatical, University of Wisconsin-Platteville Office of the Provost 2015–16
 - Inclusion of Student-Centered Pedagogies in STEM Courses Curriculum Reform Grant, University of Wisconsin Women and Science 2014–15
 - J. William Fulbright Faculty Scholar 2011–12
 - University Libraries Research Fellow 2011–13
 - Excellence in Professional Development, College of Liberal Arts and Education, University of Wisconsin-Platteville 2012
 - Council on Undergraduate Research Workshop Program on Institutionalizing Undergraduate Research for State Systems and Consortia (co-PI) 2011
 - Best Student Paper of 2009 published in the *Geographical Bulletin* 2010
 - Doctoral Dissertation Fellowship, University of Minnesota 2008–09
 - 1st Place, Biogeography Specialty Group of the Association of American Geographers Ph.D. Student Paper Competition 2009
 - 1st Place, Graduate Student Affinity Group of the Association of American Geographers Paper Competition 2008
 - Carolyn M. Crosby Fellowship for Field-Based Plant Biology Research 2008
 - U.S. Environmental Protection Agency Science to Achieve Results (STAR) Graduate Fellowship 2005–08
 - Graduate School Fellowship, University of Minnesota 2005
 - National Science Foundation Graduate Fellowship Honorable Mention 2005
 - Honorable Mention, Biogeography Specialty Group of the Association of American Geographers Master’s Student Paper Competition 2005
 - Robert G. Long Outstanding Graduate Student, Department of Geography, The University of Tennessee 2005
 - Phi Kappa Phi Honor Society 2004
 - National Merit Commendation Scholarship 1998–2002
 - Faculty Honor Scholarship, Willamette University 1998–2002
 - Morris K. Udall Scholarship for Excellence in Environmental Policy 2001
 - Minnesota On-Site Septic Treatment Contractors Association Scholarship 1999

RESEARCH MENTORING

UNDERGRADUATE RESEARCHERS

- Mentored over 100 undergraduate researchers on individual research projects that included development of primary data, data analysis, and dissemination of results
- Field-based mentoring included work with students in local, regional, and international settings that included research in federally-designated wilderness areas

GRADUATE STUDENTS

- External committee member for Elizabeth Schneider (Ph.D., University of Minnesota), Dan Brumm (M.S., University of Minnesota), and Liam Martin (M.S., University of Minnesota)
- External reviewer for Jennie Sandström, Ph.D., Mid Sweden University, Sundsvall
- Consulted on methodology and data analysis for two University of Wisconsin-Madison Ph.D. students

UNIVERSITY TEACHING EXPERIENCE

University of Wisconsin-Platteville

GEOGRAPHY 1040: PLANET EARTH

- Introductory physical geography course that fulfills the Natural Science General Education requirement; includes a field trip to Devil's Lake State Park, Wisconsin

GEOGRAPHY 1370: GLOBAL VEGETATION

- Introductory physical geography course that fulfills the Natural Science General Education requirement; includes multiple field-based research projects

GEOGRAPHY 2230: CARTOGRAPHY

- Redeveloped course to be a project-based introduction to the principles of honest, aesthetic, and ethical representation of spatial information in the form of effective maps

GEOGRAPHY 3330: ENVIRONMENTAL CONSERVATION

- Broad-based course that explored issues of science, ethics, justice, and race as related to environmental sustainability
- Students attended the 2020 and 2021 AASHE conferences to create reports for the UW-Platteville Chancellor promoting key sustainability initiatives for the campus to pursue

GEOGRAPHY 3340: BIOGEOGRAPHY

- Advanced course that incorporates lectures, discussions, laboratory, and independent projects to provide students with an in-depth understanding of the discipline of biogeography

GEOGRAPHY 3530: GEOGRAPHY OF THE DRIFTLESS

- Seminar focused on regional perspective integrating the geology, culture, economy, history, and environment of the Driftless Area to explore the sense of place and identity;
- Utilizes the classic geography text *Topophilia* to frame course material

GEOGRAPHY 3570: FIRE HISTORY AND ECOLOGY

- Introduced students to the field of fire ecology and tree-ring-based fire history research
- Students earned The Prairie Enthusiasts Burn Certification
- Included NWCG S-130, S-190, and L-180 certifications
- Students conduct at least two prescribed burns of campus prairies as part of class

GEOGRAPHY 3950: GUIDED RESEARCH

- Advanced research course for upper-level geography majors
- Advised numerous students on projects including an examination of culturally-modified trees in the Boundary Waters Canoe Area Wilderness, fire history reconstructions at multiple sites in northern Minnesota, geospatial analysis of landscapes in the Driftless Area of southwest Wisconsin to guide fieldwork to reconstruct regional drought patterns from the rings of eastern

red cedar trees, development of ring-width chronologies from longleaf pine in northern Florida to improve regional streamflow reconstructions, and the development of earlywood-latewood chronologies from oak trees in the Driftless Area to improve hydrologic reconstructions

GEOGRAPHY 4030: PEOPLE AND FIRE IN THE GREAT LAKES REGION

- Explored human-environment relationships through classic and recent geography texts
- Students designed and implemented a fire history study at the University of Minnesota Cloquet Forestry Center
- Student reported their results via a web-based presentation to CFC staff

GEOGRAPHY 4120: SEMINAR ON ISLAND BIOGEOGRAPHY

- Introduced students to the original work of E.O. Wilson and Robert MacArthur and followed the development, critiques, and inspiration of the Equilibrium Theory of Island Biogeography through the SLOSS debate and up to large-scale fragmentation experiments
- Students collaborated with the Driftless Area Land Conservancy to apply a TIB/metapopulation approach to guiding implementation of a \$250,000 grant to restore Monarch habitat in southwestern Wisconsin funded by the U.S. Fish and Wildlife Service

GEOGRAPHY 4120: SEMINAR ON FIRE HISTORY AND ECOLOGY

- Introduced students to the field of fire ecology and tree-ring-based fire history research
- Conducted a fire history study at Castle Mound Pine Forest State Natural Area near Black River Falls, Wisconsin with funding through (PACCE)

GEOGRAPHY 4150: GLOBAL ENVIRONMENTAL CHANGE

- Analyzed IPCC, U.S. NCA, and Wisconsin Governors Climate Change Task Force Report
- Explored applications of a range of paleoclimate proxies
- Developed a proposal to campus administration to promote climate change mitigation actions

BIOLOGY 4710/GEOGRAPHY 4760: ECOLOGY AND LANDSCAPE FIELD TRIP

- Winterim field-based course where students travel to the Oregon Coast and HJ Andrews Research Forest in the Cascades
- Guest instructor for second week of course where students conducted independent projects at HJ Andrews Research Forest

GEOGRAPHY 4920: INDEPENDENT STUDY IN DENDROCHRONOLOGY

- Project-based Introductory course in dendrochronology
- Projects have included developing tree-ring chronologies from sites in Wisconsin and Maine
- Supported four students to present project results at Annual Meetings of the Association of American Geographers

School of the Art Institute of Chicago

SCIENCE 630: ENVIRONMENTAL HISTORY AT OX-BOW

- Project-based course designed to meet the natural science requirements of students attending the School of the Art Institute of Chicago

Mid Sweden University – Sundsvall

BIO002F AND BIO009A: DENDROCHRONOLOGY

- Graduate course for International Master's and Ph.D. students
- Students represented 12 different countries
- Covered the basic field and laboratory methods of dendrochronology, and advanced methods for studying stand dynamics, past climate, and fire history

BIO34G: BIOLOGY, SCIENTIFIC LITERATURE STUDIES

- Undergraduate course for international biology majors
- Discussion course based on recent literature
- Students developed annotated bibliographies on subject of interest

University of Minnesota – Twin Cities

GEOGRAPHY 1403: BIOGEOGRAPHY OF THE GLOBAL GARDEN

- Introductory-level physical geography course that fulfills College of Liberal Education Biological Sciences, Laboratory, and Environmental Theme
- Laboratory topics include: biodiversity, climate variability, nutrient cycling, natural selection, evolution, invasive species, disturbance and succession, dendrochronology, fire history, and forest management

The University of Tennessee, Knoxville

GEOGRAPHY 131 & 132: GEOGRAPHY OF THE NATURAL ENVIRONMENT

- Two-course series on physical geography that is required for geography majors and fulfills the Natural Science general education requirements
- Laboratory topics include: aerial photograph interpretation, climate, climate classification, Earth-sun relationships, fluvial processes, geomorphology, latitude and longitude, map reading and navigation, teleconnections, remote sensing, soils, water budgets, and weather

Willamette University

EARTH AND ENVIRONMENTAL SCIENCES 333: GEOGRAPHIC INFORMATION SYSTEMS

- Introduced basics of cartography, remote sensing, and Geographic Information Systems using a variety of Geographic Positioning Systems, a Total Station surveying device, and computer programs AutoCAD and ArcCAD

Additional Teaching and Mentoring Experience

UNDERGRADUATE RESEARCH OPPORTUNITY PROGRAM (UROP), UNIVERSITY OF MINNESOTA – TWIN CITIES 2008–09

- Mentored an undergraduate student on a research project assessing the quality of tree-ring data obtained using the image analysis program WinDENDRO

K–12 SUBSTITUTE TEACHER, INDEPENDENT SCHOOL DISTRICT 912, MINNESOTA 2002

- Taught K–12 coursework in the following disciplines: earth sciences, language (Spanish, French, English), mathematics, physical education, and chemistry

K–12 SUBSTITUTE TEACHER, NAY AH SHING TRIBAL SCHOOL SYSTEM, MILLE LACS BAND OF OJIBWE, MINNESOTA 2002–03

- Taught elementary, middle, and high school classes in tribal school system
- Lessons covered a wide range of topics, including: earth sciences, language (English), mathematics, chopping fire wood, fire starting, tapping maple trees for sap, making maple syrup, and canoe handling and navigation

TEACHING ASSISTANT, 21ST CENTURY COMMUNITY SCHOOL HOUSE, SALEM, OREGON 2001

- Worked with junior high school students on a semester-long project to design the economic, political, and environmental systems of their ideal nation

PUBLICATIONS, PAPERS, AND REPORTS (*INDICATES UNDERGRADUATE STUDENT AUTHOR)

In Review

Larson, E.R., Mirti, T., Wilding, T., Underwood, C.A. In Review. Five centuries of groundwater elevations provide evidence of shifting climate drivers and human influences on water resources in North Central Florida. *Water Resources Research*.

GRANTS AND CONTRACTS

<ul style="list-style-type: none"> • Collaborative Research: RUI: P2C2--Medieval to Modern Climate Variability and Climate Change in the Great Plains; with Dave Stahle (University of Arkansas), Ed Cook (Columbia University), Dorian Burnette (University of Tennessee-Memphis), and Mike Stambaugh (University of Missouri); NSF Paleo Perspectives on Climate Change award number 2201352 	\$189,851	2022–2025
<ul style="list-style-type: none"> • <i>Nimaawanji'idimin giivitaashkodeng</i>: We are all gathering around the fire; with Melonee Montano (Tribal Fathom Fire LLC) and Robin Kimmerer (Center for Native Peoples and the Environment; SUNY College of Environmental Sciences and Forestry); Wisconsin Sea Grant Award R/RCE-17 	\$239,658	2022–2024
<ul style="list-style-type: none"> • Groundwater-forest interactions as guide for artificial groundwater recharge strategies to support agricultural and ecosystems in the Central Sands; University of Wisconsin Freshwater Collaborative; with Steven Loheide (University of Wisconsin-Madison) 	\$35,294	2021–2023
<ul style="list-style-type: none"> • Approaching a Climate and Precipitation Paleoclimatology for the Huron Mountain Club and Upper Great Lakes Region; Huron Mountain Wildlife Foundation; with Daniel Cziczo (Purdue University) and Rose-Marie Muzika (Carnegie Museum of Natural History) 	\$18,250	2020–23
<ul style="list-style-type: none"> • People, Fire, and Pines in the Border Lakes Region of North America; Coalition for Archaeological Synthesis (CfAS); with Jessica Atatise (Lac La Croix First Nation), Brian Jackson (Quetico Provincial Park), Lane Johnson (University of Minnesota Cloquet Forestry Center), Lee Johnson (Superior National Forest), Robin Kimmerer (SUNY College of Environmental Science and Forestry), Kurt Kipfmueller (University of Minnesota), and Jeff Savage (Fond du Lac Band of Lake Superior Chippewa) 	\$50,000	2018–22
<ul style="list-style-type: none"> • Prescribed fire planning, implementation, and burn certification; Student Research and Engagement Fund; with Amy Seeboth-Wilson (UW-Platteville Director of Sustainability) 	\$12,143	2021
<ul style="list-style-type: none"> • Establishing a Paleoecological Baseline for Eagle Valley Nature Preserve; Kohler Preservation Trust; with Chris Underwood (UW-Platteville) 	\$16,317	2020
<ul style="list-style-type: none"> • Planet Earth (for Educators) General Education Curriculum Remodel, UW-Platteville; with Jen Collins (Director of the School of Education) and Chris Underwood (Chair of the Department of Geography) 	\$4,500	2019

• Climate and Precipitation Paleoclimatology Derived from Submerged Logs; Huron Mountain Wildlife Foundation; with Dan Cziczo (University of Purdue), Dave Picard (Wisconsin Department of Natural Resources), Rose-Marie Muzika (Carnegie Museum of Natural History)	\$1,123	2019
• Collaborative Research and Creative Activity Award: Scouting for Ancient Cedars, UW-Platteville Main and Baraboo/Sauk County Campuses; with Dave Olson (PI)	\$500	2019
• Updating longleaf pine (<i>Pinus palustris</i>) tree-ring records in Goethe State Forest, Florida; Contract with the Suwanee River Water Management District	\$20,000	2018
• New proxy-based hydrological reconstructions over the past five centuries in southwest Wisconsin; National Institutes for Water Resources and the University of Wisconsin Water Resources Institute WR17R004	\$101,079	2017–19
• Scholarly Activity Improvement Fund, University of Wisconsin-Platteville: Fire History of Quetico Provincial Park	\$4,000	2017–18
• Science Educator Research Experience (SERE); funded two education majors to participate in summer research experience; funded by the UW-Platteville College of Liberal Arts	\$18,000	2017
• Growing the Tree-Ring-Based Fire Scar Network in the Border Lakes Region of Minnesota-Ontario; Contract with Quetico Provincial Park	\$18,632	2017–18
• Investigating the Roles of Climate and People in Historical Patterns of Fire at the University of Minnesota Cloquet Forestry Center; Pioneer Undergraduate Research Fellowship awarded to Adam Donaldson	\$2,300	2017–18
• Expanding the Fire history of the University of Minnesota Cloquet Forestry Center; Lakes States Fire Science Consortium Internship awarded to Adam Donaldson	\$3,420	2017–18
• RUI: Documenting Ojibwe landuse through tree-ring analysis of culturally modified trees in the BWCAW; National Science Foundation Geography and Spatial Sciences and Archaeology Programs #1560919	\$76,270	2016–17
• Developing Tree-Ring Records from Remnant Longleaf Pine Stumps in Goethe State Forest for Hydrologic Reconstructions in North-Central Florida; Contract with the Suwanee River Water Management District	\$17,800	2017
• RUI: Collaborative Research: Seeking Legacies of Ojibwe Landuse in the Fire Regimes and Vegetation Communities of the Boundary Waters Canoe Area Wilderness (co-PI with Kurt Kipfmüller, University of Minnesota); National Science Foundation Geography and Spatial Sciences Program #1359868	\$206,784	2014–17
• University of Wisconsin-Platteville Pioneer Academic Center for Community Engagement (PACCE) grant to partner with the University of Minnesota Cloquet Forestry Center to develop fire history information for an old-growth red pine stand at the center	\$3,443	2016
• Dendrochronological dating of Historical Structures along the eastern shoreline of Lake Michigan; Wisconsin Geological and Natural History Survey	\$1,200	2014–15
• Fire History and Ecology in Black River Falls; Pioneer Undergraduate Research Fund with Martha Green	\$500	2014
• University of Wisconsin-Platteville Pioneer Academic Center for Community Engagement (PACCE) grants to (1) partner with	\$12,970	2014

Wisconsin DNR to conduct a fire history study at Castle Mound Pine Forest State Natural Area, (2) partner with UW-Platteville Facilities management to establish baseline ecological conditions for Memorial Park, and (3) partner with faculty in software engineering and the University of Arizona Laboratory of Tree-Ring Science to improve FHAES fire history software		
• University of Wisconsin Laboratory Modernization Grant (co-PI with Lynnette Dornak)	\$50,600	2014
• Scholarly Activity Improvement Fund, University of Wisconsin-Platteville: Fragmentation Effects on Fundamental Forest Processes	\$4,000	2013–14
• Establishing the long-term range of variability in drought conditions for Southwest Wisconsin; National Institutes for Water Resources and the University of Wisconsin Water Resources Institute WR13R003	\$171,059	2013–14
• Wisconsin Alliance for Minority Participation (WiscAMP) Advanced Opportunities Grant with Brennan Waupoose, Updating the Bass Lake Eastern Hemlock Chronology on the Menominee Forest	\$5,400	2013–14
• Crossdating <i>in-situ</i> Remnant Stumps to Understand Long-Term Hydrologic Variations, St. Johns River Water Management District	\$2,300	2013
• University of Wisconsin-Platteville Pioneer Academic Center for Community Engagement (PACCE) for historical ecology assessment of the Platte Mound	\$8,018	2013
• Wisconsin Alliance for Minority Participation (WiscAMP) Small Grant: Enhancing Minority Participation through Collaborative Research: Examining the Ecological Effects of Invasive Earthworms on the Menominee Forest	\$50,000	2011–13
• Scholarly Activity Improvement Fund, University of Wisconsin-Platteville: Developing a New Method to Determine Invasive Earthworm Impacts on Native Forest Communities	\$4,000	2012–13
• College of Liberal Arts and Education Grant Writing Fund, CAREER: The Influence of Invasive Earthworms on Tree Growth, Productivity, and Regeneration Dynamics in the Upper Great Lakes Region	\$2,000	2012
• College of Liberal Arts and Education, College of Business, Industry, Life Science and Agriculture, and the TREES Lab funding to orchestrate the <i>Keys to the Past, Insight to the Future: Paleoecology and the Importance of Environmental History</i> speaker series	\$5,000	2012
• Paleoecology and the Fundamental Influence of Landscape Structure on the Boreal Forests of Granlandet Nature Reserve, Mid Sweden University	\$32,000	2011–12
• Scholarly Activity Improvement Fund, University of Wisconsin-Platteville: Structure, Development, and Climate Sensitivity of White Spruce Forests in the Western Hudson Bay Region of Far North Manitoba	\$4,000	2011–12
• Pioneer Undergraduate Research Fellowship (co-PI with Geography Major Nicholas Flinner)	\$500	2011–12
• Paleohydrology of the St. Johns River Water Management District, Florida	\$24,100	2011
• University of Wisconsin Laboratory Modernization Grant (co-PI with RJ Rowley and J. Elmo Rawling III)	\$52,582	2011
• University of Wisconsin-Platteville Pioneer Academic Center for Community Engagement (PACCE)	\$2,400	2011

• College of Liberal Arts and Education Grant Writing Fund	\$2,000	2011
• University of Wisconsin-Platteville Minority-Serving Institution Link (MSIL) program, Office of the Provost	\$10,000	2010–11
• Scholarly Activity Improvement Fund, University of Wisconsin-Platteville: On the Trail of Ancient Trees: Dendrochronology in the Maine North Woods	\$4,000	2010–11
• LI-COR Environmental Education Fund (LEEF) Grant toward the purchase of the LEEF Ecophysiology Package (co-PI with Sharon Klavins)	\$48,000	2010
• National Science Foundation Research Opportunity Award (ROA) supplement to DEB-074323 Collaborative Research: RUI: Landscape-level Controls on Terrestrial, Aquatic, and Wetland Responses to Climate Change in the Southern Canadian Arctic (with Charles E. Umbanhowar, St. Olaf College)	\$21,380	2009–10
• Scholarly Activity Improvement Fund, University of Wisconsin-Platteville Reconstructing Climate Using the Rings of Ancient Whitebark Pine Trees from the Eagle Cap Wilderness, Eastern Oregon	\$4,000	2009–10
• Grant Writing Opportunity, University of Wisconsin-Platteville, Patterns in Isolation, Disturbance, and Succession on Forested Islands in the Boundary Waters Canoe Area Wilderness	\$3,500	2009
• National Science Foundation GSS-0623643 Doctoral Dissertation Research Improvement Grant: Fire Regimes, Forest Succession, and the Varying Effects of Fire Suppression Across the Central Range of Whitebark Pine (with Kurt F. Kipfmüller, University of Minnesota)	\$11,991	2006–08
• InfoTech Fees Grant to purchase WinDENDRO tree-ring analysis software, College of Liberal Arts, University of Minnesota (with Kurt F. Kipfmüller and Susy S. Ziegler)	\$5,000	2008
• Mazamas Student Research Grant: Forest Dynamics in High-Elevation Whitebark Pine Forests: The Natural Range of Variability in Critical Mountain Ecosystems	\$1,500	2008
• Mountain Geography Specialty Group of the Association of American Geographers Chimborazo Graduate Student Research Grant	\$500	2008
• Association of American Geographers Dissertation Research Grant	\$400	2008
• Five Travel Grants from the University of Minnesota Department of Geography and Graduate and Professional Student Association	\$770	2007
• Biogeography Specialty Group of the Association of American Geographers Graduate Student Research Grant	\$500	2004
• Stewart K. McCroskey Memorial Fund, Department of Geography, The University of Tennessee	\$900	2004

Documentaries and Press

- *Students work together for Red Pine slab preservation*, a news story by Amanda Eke of WDIO ABC news, Duluth, MN. Available: <https://www.wdio.com/front-page/top-stories/students-work-together-for-red-pine-slab-preservation/>
- *Students Uncover the Past Through Pine Trees*, a news story by Owen Zagrabelny of Fox21 Local News of Duluth, MN. Available: <https://www.fox21online.com/2022/12/03/students-uncover-the-past-through-pine-trees/>
- *How Indigenous Knowledge Reconnects Us All to Fire*, an article written by Jazmin “Sunny” Murphy and published by yes! Solutions Journalism. Available: <https://www.yesmagazine.org/environment/2022/09/20/fire-indigenous-traditional-ecological-knowledge>
- *Bringing People into the Wilderness*, an episode of the Academic Minute Podcast, published by WAMC Northeast Public Radio. Available: <https://academicminute.org/2022/07/evan-larson-university-of-wisconsin-platteville-bringing-people-into-the-wilderness/>
- BWCAW research featured on “*Rekindling Wilderness*” podcast, produced by Interlochen Public Radio. Story by Patrick Shea. Available: <https://www.interlochenpublicradio.org/show/points-north/2022-03-11/unnatural-selection-ep-5-rekindling-wilderness>
- *A History of Fire in the Boundary Waters*. KFAI Minneapolis: MinneCulture In-Depth. Story by Joe Friedrichs. Available: <https://beta.prx.org/stories/425735>
- *BWCA fire researchers featured in new Gunflint Trail exhibit at Chik-Wauk*. WTIP: North Shore Community Radio. Story by Joe Friedrichs. Available: <https://wtip.org/bwca-fire-researchers-featured-in-new-gunflint-trail-exhibit-at-chik-wauk/>
- *Memories of the Landscape*. Featured on front page of the Madison State Journal Sunday Edition; by Chris Hubbuch. Available: https://madisonstatejournal-wi.newsmemory.com/?publink=3c70d1268_1345c43
- *123: A Story of Fire and People*. Featured on Tumblehome: A Boundary Waters Podcast with Erik and Adam. Available: <https://tumblehomepodcast.com/123-a-story-of-fire-and-people/>
- *Rethinking the Human Footprint*. An article written by Patrick Shea exploring the implications of research my collaborators and I conducted in the Border Lakes Region. Available: <https://nativenewsonline.net/sovereignty/rethinking-the-human-footprint>
- *Researchers call for restoring human-forest connections in the Boundary Waters*. An article in Quetico Superior Wilderness News by Greg Seitz that recaps the implications for wilderness management of research recently published in the Annals of the American Association of Geographers. Available: <https://queticosuperior.org/blog/researchers-call-for-restoring-human-forest-connections-in-the-boundary-waters/>
- *People, Fire, and Pines in the Boundary Waters Canoe Area Wilderness*. A short review provided in the Minnesota Research Reader, volume 5, November 2020. Available: <https://content.govdelivery.com/accounts/MNDNR/bulletins/2a7d18a>
- *Announcing the People, Fire, and Pine Research Project*. A posting on the Society for Historical Archaeology website by Jeff Altschul and Terry Klein from the Coalition for Archaeological Synthesis. Available: <https://sha.org/blog/2020/07/announcing-the-people-fire-and-pine-research-project/>
- *Seven years of driftless oaks research project published*. Article by Ruth Wendlandt. Available: <https://www.uwplatt.edu/news/seven-years-driftless-oaks-research-project-published>
- *UW-Platteville professors publish research on region's oak trees*. Article in the Dubuque Telegraph Herald by Elizabeth Kelsey. Available: https://www.telegraphherald.com/news/tri-state/article_452df06e-2fd7-5364-8dcc-5a66ff732518.html
- *What Tree Rings Can Tell Us About Local Climates*. A 45-minute interview on the Morning Show of Wisconsin Public Radio discussing the science of dendrochronology and what tree-rings have taught us about environmental change in Wisconsin and beyond. Aired June 17, 2019, on The Ideas Network of Wisconsin Public Radio. Available: <https://www.wpr.org/what-tree-rings-can-tell-us-about-local-climates>

- *Community conversations: Stories of travel and wilderness*. A 30-minute interview discussing fire history research in the Boundary Waters Canoe Area Wilderness. Aired November 16, 2017, on WTIP North Shore Community Radio, produced by Jay Andersen and Joe Friedrichs. Available: <http://wtip.org/community-conversations-stories-travel-and-wilderness>
- *Larson discusses fire history research on WTIP Radio*. UW-Platteville College of Liberal Arts and Education Friday Feature. Available: <https://www.uwplatt.edu/news/friday-features-dec-1-2017>
- *Larson collaborates on \$310,000 research grant from NSF*. UW-Platteville University News. Available: <https://www.uwplatt.edu/news/larson-collaborates-310000-research-grant-nsf>
- *Larson receives \$76,000 research grant*. UW-Platteville University News. Available: <https://www.uwplatt.edu/news/larson-receives-76000-research-grant>
- *Driftless Oaks Project*. A one-hour interview discussing the results of this 3-year study. Aired December 8, 2016, on Newsmakers, a Wisconsin Public Radio show produced by John Davis, Hope Kirwan, and John Gaddo. Available: <http://www.wpr.org/listen/1031141>
- *Tree-ring researchers discover relic of platting process*. Written by Greg Seitz for the Quetico Superior Foundation Wilderness News Blog. Available: <http://queticosuperior.org/blog/tree-ring-researchers-discover-relic-of-platting-process>
- *The profound impacts of invasive earthworms on hardwood forests in Wisconsin*. Video available as part of the Ralph Nuzum Lecture Series featured on the UW-Extension Youtube channel. Available: https://youtu.be/Ya5_EY621WY
- *The Science of Tree Rings*. Video available as part of the Ralph Nuzum Lecture Series featured on the UW-Extension Youtube channel. Available: <https://youtu.be/zqswuVmaXDM>
- *Watersheds Past – Oaks, Rings and Answers*. Podcast as part of the *Aquifers and Watersheds* series produced by Christopher Bocast at Wisconsin Sea Grant Institute. Available: <http://www.seagrant.wisc.edu/home/Default.aspx?tabid=601&AudioGroupID=49>
- *The Future of UW-Platteville's Memorial Park*. Produced by Tyler Ensrude, UW-Platteville. Available: <https://www.youtube.com/watch?v=FFy-VH3KqYE>
- *Climate Change in Southwest Wisconsin*. Produced by John Karl, Wisconsin Sea Grant Institute. Available: <http://youtu.be/x1x3tPXfLmY>
- *Got Oaks?* Produced by John Karl, Wisconsin Sea Grant Institute. Available: <https://www.youtube.com/watch?v=IHj2lHKN98g>
- *Ancient Oaks Tell Climate Stories*. Produced by John Karl, Wisconsin Sea Grant Institute. Available: <http://av.aqua.wisc.edu/uwseagrantvideos/video/mp4/ancientoaks.mp4>
- *That Tree*. Produced by Andrew Batt for Iowa Public Television.
- *UW-Platteville Wants Public's Help in Hunt for Old Oak Trees*. Story by Wisconsin Public Radio describing the Driftless Oaks project and placing a call for help in identifying trees to be included in the study. Available: <http://www.wpr.org/uw-platteville-wants-publics-help-hunt-old-oak-trees>
- *Old Tree: A Trek into the Eagle Cap Wilderness in Search of a Truly Ancient Tree*. Produced by Vince Patton for Oregon Field Guide and Oregon Public Broadcasting, 2010. Available at: <http://www.opb.org/television/programs/ofg/segment/old-tree/>

Photography

- Fourteen photos published with essay on the Meaning of Wilderness in the March–April 2017 issue of *Minnesota Conservation Volunteer*
- Inner cover photo for **Issue 76** of *Tree-Ring Research* from research in Maine
- Cover photo of Oregon Public Broadcasting: 2011 Year in Review publication
- Two photographs featured in the *Bristlecone Pine Tree: The Oldest Living Organisms on Earth* display at the newly-open Terry Lee Wells Nevada Discovery Museum in Reno, Nevada
- University of Minnesota Department of Geography Photo Competition 1st prize in 2006 and 2nd in 2008
- Photograph of declining whitebark pine community in Ellison et al. 2005. Loss of foundation species: Consequences for the structure and dynamics of forested ecosystems. *Frontiers in Ecology and the Environment* 3:479–486.

PROFESSIONAL DEVELOPMENT

Formal Coursework and Training

- COLLABORATIVE INSTITUTIONAL TRAINING INITIATIVE (CITI PROGRAM) 2023
- Responsible Conduct of Research: Physical Sciences
 - Conflicts of Interest
- MANOOMIN TRIBAL ADAPTATION MENU WORKSHOP 2022
- Lead a project team applying the Tribal Adaptation Menu framework to examine the relationship between ishkode (fire) and Manoomin (wild rice)
- NATIONAL WILDFIRE COORDINATING GROUP (NWCG) CERTIFICATES 2022
- S-130 Firefighter Training
 - S-190 Introduction to Wildland Fire Behavior
 - L-180 Human Factors on the Fireline
- LEARNING ABOUT NATIVE NATIONS IN WISCONSIN 2020
- Panel discussion of the history, structure of tribal governance, and current issues relevant to the Native Nations of Wisconsin
- SUMMER PROFESSIONAL DEVELOPMENT AND COVID-19 RESPONSE TRAININGS (1-HOUR EACH) 2020
- Well-being during COVID-19
 - The Science of Human Attention in a Hybrid Classroom
 - Kaltura (MyMedia) Basic and Advanced
 - Beyond the PowerPoint: Creating Video Parts 1 and 2
 - Assess Assignments and Quizzes easily in Canvas with Speedgrader
 - Fostering Student Engagement with Web-based Tools
 - Accessibility and Providing Accommodations in Blended Learning Environments
 - Zoom Advanced: Breakout Rooms and Polling
 - Exploring Canvas Integrations
 - Tools for Active Learning in a Virtual Environment
 - Tools to Communicate and Collaborate
- LIBERAL ARTS IN ACTION SEMINAR SERIES 2019–20
- Facilitated workshops, panels and discussions designed to engage in critical consideration and application of the liberal arts in life and work
- DIVERSE KNOWLEDGE SYSTEMS FOR FIRE POLICY AND BIODIVERSITY CONSERVATION 2018
- Workshop organized by Global Paleofire Working Group of the Past Global Changes (PAGES) consortium
 - Developed a policy brief on paleoenvironmental science and fire management for federal policy makers in the United Kingdom
- GENERAL EDUCATION WORKSHOP 2019
- Morning workshop led by Dr. Ashley to reconsider approaches to general education
 - Hosted by the Office of the Provost and General Education Committee
- 15BTRANSLATING HISTORICAL FIRE REGIMES INTO CONTEMPORARY FOREST MANAGEMENT 2018
- Workshop organized by the Lakes State Fire Science Consortium and hosted by the University of Minnesota Cloquet Forestry Center
 - Gathered fire and forest managements and scientists from across the Great Lakes Region to discuss approaches to incorporating disturbance processes into ecological management
- CULTIVATING A CULTURE OF UNDERGRADUATE RESEARCH 2018
- Workshop organized by the UW-Platteville Office of Research and Sponsored Programs
 - Intentional work focused on building internal support and engagement among faculty, staff, and administration for employing undergraduate research as a high-impact practice

- GETTING TO THE BOTTOM OF THE TRIPLE BOTTOM LINE 2017
- Two-day workshop at UW-Platteville that brought academic, business, and industry experts on sustainability together to share knowledge and best practices
 - Included an all-day curriculum development workshop for participating faculty to develop a lesson plan that incorporates the Triple Bottom Line concept
- WISCONSIN WINTER FIRE WORKSHOP 2017
- All-day workshop on current state of knowledge and best practices in the use of fire as a management in prairie and forest plant communities
- ADVISOR TRAINING WORKSHOP 2017
- Workshop conducted the College of Liberal Arts and Education and Academic Support Services to standardize and strengthen academic advising at UW-Platteville
- UNDERGRADUATE RESEARCH MENTORING BEST PRACTICES WORKSHOP 2017
- Full-day workshop conducted by Dr. Cheri Barta, Department of Chemistry, University of Wisconsin – Madison
 - Discussed case studies and best practices for improved mentoring and integration of research with undergraduate teaching
- EXPLORING THE SCIENCE OF LEARNING SERIES: UNDERSTANDING 2016
- Discussed potential applications of the principles described in “Small Teaching” to pedagogy
- NOVUS RESEARCH COLLABORATIVE NETWORK III 2016
- Seven-day research workshop connecting beginning and advanced paleoecological researchers to improve integration of multi-proxy and multi-scale approaches to studying past environments
 - Workshop funded by the National Science Foundation
- GRANT WRITING DEVELOPMENT WORKSHOP 2015
- Two-day workshop (January 6–7) conducted by Jeremy Miner, author and director of Sponsored Program at the University of Wisconsin-Eau Claire
- CURRICULUM MAPPING WORKSHOP WITH DR. SUSAN HATFIELD 2014
- Evening workshop describing the principles and applications of curriculum mapping
- AMERICAN ASSOCIATION OF STATE COLLEGES AND UNIVERSITIES GRANT RESOURCES 2014
- CONFERENCE FUNDING COMPETITIVENESS CONFERENCE
- Three-day conference (February 19–22) in Washington, D.C., that included targeted sessions on federal funding programs, federal budget, NSF and NIH program officer presentations, and private consultations
- UNIVERSITY OF WISCONSIN WOMEN AND SCIENCE PROGRAM OPENING WORKSHOP FOR NEW STEM FACULTY 2013
- Second time participating in a two-day seminar that explored active approaches to teaching and learning in the STEM disciplines for small and large classes classroom settings
 - Discussed learner-centered pedagogies and enhancing classroom inclusiveness
- WISCONSIN ALLIANCE FOR MINORITY PARTICIPATION ANNUAL MEETING AND WORKSHOP 2012
- One-day meeting and workshop to present student research posters, interact with fellow WiscAMP small grant PIs, improve mentoring skills, and develop WiscAMP strategic plan
- RESTORING OUR TRADITIONAL FOODS TO IMPROVE COMMUNITY HEALTH: A COLLEGIATE AMERICAN INDIAN STUDENT GARDEN EXPERIENCE 2012
- Workshop held at the American Indian Science and Engineering Society annual meeting

- Two-hour workshop exploring how Native foodways can increase student and environmental health
- MOTIVATING YOUR STUDENTS TO GO TO GRADUATE SCHOOL 2012
- Workshop held at the American Indian Science and Engineering Society annual meeting
 - Two-hour workshop to improve skills as a mentor to undergraduate students considering graduate school, particularly students from groups underrepresented in science fields
- IMPROVING STEM TEACHING THROUGH NATURAL HISTORY COLLECTIONS: APPLICATIONS FOR UNDERSTANDING CLIMATE CHANGE, SUSTAINABILITY, AND ADAPTATION 2012
- Workshop held at the American Indian Science and Engineering Society annual meeting
 - Two-hour workshop composed of inquiry-based exercises and interactive discussions focused on developing activities that use biology and geographic distributions to enhance STEM education
- SHIFTING SEASONS: EMERGING DIRECTION OF THE GREAT LAKES FORESTS, INDUSTRY, PRODUCTS, AND RESOURCES 2012
- Two-day meeting hosted by the College of Menominee Nation Sustainable Development Institute to explore and discuss contemporary and emerging issues, challenges, and opportunities related to the forest resource in the upper Midwest region
- WOOD ANATOMY AND TREE-RING ECOLOGY 2011
- One-week course taught by Dr. Fritz H. Schweingruber and Dr. Holger Gärtner of the Swiss Federal Institute for Forest, Snow, and Landscape Research (WSL)
 - Examined cellular structure of woody plants to understand past environmental changes
 - Instruction on the use of microtomes and thin sections in Dendroecology
- ACCESS TO SUCCESS TASK FORCE FOR NATIVE AMERICAN STUDENTS 2011
- Two-day workshop coordinated by the University of Wisconsin System
 - Guided discussions on challenges in higher education faced by Native American Students
- SUSTAINABILITY ACROSS THE CURRICULUM LEADERSHIP WORKSHOP 2011
- Two-day workshop at UW-River Falls coordinated by the Association for the Advancement of Sustainability in Higher Education (AASHE), the Upper Midwest Association for Campus Sustainability (UMACS), and the University of Wisconsin System
 - Facilitated discussions on integrating sustainability into curriculum and campus planning
- UNIVERSITY OF WISCONSIN WOMEN AND SCIENCE PROGRAM OPENING WORKSHOP FOR NEW STEM FACULTY 2010
- Two-day seminar that explored active approaches to teaching and learning in the STEM disciplines for small and large classes classroom settings
 - Discussed learner-centered pedagogies and enhancing classroom inclusiveness
 - Reviewed funding opportunities to enhance inclusiveness and diversity in classroom and lab
- PREPARING FUTURE FACULTY PROGRAM, UNIVERSITY OF MINNESOTA CENTER FOR TEACHING AND LEARNING 2008
- Two-course series that included GRAD 8101: Teaching in Higher Education and GRAD 8102: Practicum for Future Faculty that explored a wide range of pedagogical topics including: course design, active learning strategies, assessing teaching and learning
 - Mentored with Dr. Charles Umbanhowar and Dr. Diane Angell at St. Olaf
 - Mentorship included teaching three class sessions and participating in two non-teaching experiences
- UNIVERSITY OF MINNESOTA CENTER FOR TEACHING AND LEARNING PREPARING FUTURE FACULTY RETREAT 2008
- Participated in two workshops: 1) A Delicate Balance: Personal and Professional Development; 2) Academic Job Search Strategies: Tips and Tools

- Participated in five workshops: 1) Responsible Conduct in research; 2) Intellectual Property Rights; 3) Conflict of Interest; 4) Effective Use of Electronic Communication; 5) Course Design

INSTITUTIONAL, COMMUNITY, AND PROFESSIONAL SERVICE

University of Wisconsin-Platteville Service

- DEPARTMENT OF GEOGRAPHY | ENVIRONMENTAL SCIENCES & SOCIETY 2014–present
- Associate chair, 2019–present
 - Chair, Department Tenure Review Board
 - Chair, Department Salary and Promotion Committee
 - Coordinated an 8-talk lecture series titled “This is Geography” for 2017–18 academic year
 - Collaborated on establishing Department Mission and Vision statements
 - Led effort to establish Student Learning Outcomes and mapped curriculum to SLOs
- TREE-RING, EARTH, AND ENVIRONMENTAL SCIENCES LABORATORY (TREES LAB) 2011–present
- Developed Strategic Plan, Mission, Goals of TREES Lab
 - Drafted lab manual and student training guidelines, set up and organized laboratory space
 - Worked with OIT to establish network and electronic backup system for lab computers
 - Collaborated with Marketing students to develop advertising plan and materials
- ENVIRONMENTAL SUSTAINABILITY COMMITTEE 2010–2022
- Committee Chair, 2021–2022, 2013–2018 except 2015–16 while on sabbatical
 - Facilitated creation of new Campus Sustainability Fund in spring of 2017 that distributes ~\$20,000 annually to campus groups working on sustainability projects
 - Led annual prioritization efforts for campus sustainability efforts, including early pursuit of AASHE STARS certification
 - Led revision of committee structure and mission
 - Created and coordinated campus Sustainability Award
- INDIGENOUS PEOPLES DAY LECTURE SERIES 2017–2022
- Collaborated with Dr. Gene Tesdahl, Department of History, to bring speakers to campus including Dr. Robin Kimmerer (2017), Bill Quackenbush (2018), Paulette Jordan (2019), and Dr. Andy Thundercloud (2021)
- GUEST LECTURE FOR GRANT WRITING WORKSHOP 2021
- Presented a short session on strategies to improve grant writing success for new faculty and staff at UW-Platteville
- GUEST LECTURE FOR FORENSIC BIOLOGY INVESTIGATION COURSE 2021
- Hosted biology class in the TREES Lab; discussed the role of tree rings in environmental and criminal investigations
- CAMPUS PLANNING COMMISSION 2014–2020
- Meet semi-weekly to discuss campus planning
 - Facilitated the establishment of a campus edible garden
 - Brought land management decisions under the committee responsibilities
- CO-CHAIR, SEARCH COMMITTEE: FACULTY POSITION IN LAND STEWARDSHIP 2020
- Designed and implemented a successful job search process fit to pandemic conditions
- COLLEGE OF LIBERAL ARTS AND EDUCATION STRATEGIC PLANNING TEAM 2019–20
- Served on advisory board for planning process

- Co-authored the plan preamble
- INCLUSIVE EDUCATION – WHAT DOES IT MEAN TO YOU? 2019
- Served as a panel member for a campus conversation about making STEM courses accessible to our students
 - Organized by the Teaching and Technology Center
- STEM SUMMER INSTITUTE 2019
- Coordinated with School of Education to provide continuing education to K–12 educators
 - Led a day-long session titled *Using Environmental History and a Sense of Place to Inspire STEM Teaching and Learning*
- FACULTY SENATE 2016–2018
- Elected by my colleagues to represent the College of Liberal Arts and Education
 - Elected vice chair of the senate for the 2017–18 academic year
- SCHOOL OF EDUCATION STEM/STEAM ADVISORY COMMITTEE 2014–2015
- Contributed development of integrated STEM/STEAM opportunities for School of Education students
- CHAIR, SEARCH COMMITTEE: ASSIST/ASSOC PROFESSOR AND CHAIR OF GEOGRAPHY 2014–2015
- Arranged and led search committee, developed job description and associated forms
 - Led recruitment strategy and effort, conducted phone and campus interviews
 - Completed all related paperwork for search and hiring
- CONTROL OUR OWN DESTINY – GRANTS ACTION TEAM 2014–2015
- Contributed to campus efforts to institutionalize grant writing
 - Developed strategies to account for grant writing in faculty review
- APPOINTMENTS AND ELECTIONS COMMITTEE 2013–2014
- Conducted campus elections
 - Contributed to University and College committee appointments
- CHAIR, RESEARCH AND ETHICS COMMITTEE 2013–2014
- Reviewed and recommended internal grant and award applications for funding
 - Organized internal grant applications, led ratings and discussion by committee
- SEARCH COMMITTEE MEMBER FOR GRANT SPECIALIST POSITION IN THE OFFICE OF RESEARCH AND SPONSORED PROGRAMS 2014
- Participated in the evaluation and hiring of two candidates
- CHAIR, SEARCH COMMITTEE: GIS FACULTY SEARCH 2014
- Arranged and led search committee, completed all related paperwork for search and hiring
 - Developed job description and associated forms
 - Conducted phone and campus interviews
- CHAIR, SEARCH COMMITTEE: PHYSICAL GEOGRAPHY LABORATORY INSTRUCTOR 2014
- Arranged and led search committee, completed all related paperwork for search and hiring
- CURRICULUM COMMITTEE, COLLEGE OF LIBERAL ARTS AND EDUCATION 2012–13
- Met bi-weekly to assess course proposals and catalog changes
- SEARCH COMMITTEE: SUSTAINABILITY COORDINATOR 2012
- Evaluated applications, invited and interviewed four candidates on campus
 - Offered recommendation to Assistant Vice Chancellor on hiring
- CHAIR, SEARCH COMMITTEE: PHYSICAL GEOGRAPHY LABORATORY INSTRUCTOR 2012
- Arranged and led search committee
 - Developed job description and associated forms
 - Completed all related paperwork for search and hiring
- WISCAMP EXCEL PROGRAM 2011

- Coordinated with the Wisconsin Alliance for Minority Participation (WiscAMP) Excel Program to provide a campus tour and activities for undergraduate STEM students
- PANEL DISCUSSION ON PUBLISHING IN ACADEMIC JOURNALS 2011
- Coordinated by Dr. William McBeth
 - Discussed strategies for successfully writing and publishing in academic journals
- ACADEMIC AND INSTITUTIONAL RESEARCH COMMITTEE 2010–11
- Reviewed and recommended internal grant and award applications for funding
- COLLEGE SCHOLARSHIP COMMITTEE 2010–11
- Selected students to receive internal scholarships
- CO-PI, GRANT PROPOSAL TO THE CONSERVE WISCONSIN SOLAR AND WIND GRANT PROGRAM (PI: VICE CHANCELLOR FOR ADMINISTRATIVE SERVICES ROB CRAMER) 2010
- Worked with a campus-wide team to develop a proposal to acquire funds for placing three photovoltaic arrays and three wind turbines on campus
- DEVELOPED APPLICATION TO THE COUNCIL ON UNDERGRADUATE RESEARCH FOR INSTITUTIONALIZING UNDERGRADUATE RESEARCH 2010
- Developed UW-Platteville component of application to CUR requesting a workshop to facilitate the growth of undergraduate research in the UW System
- ACADEMIC CONSULTANT, WHITEBARK PINE MONITORING AND RESTORATION TASK FORCE OF THE BEAVERHEAD-DEERLODGE NATIONAL FOREST 2010
- Provided data, publications, and advise on strategies for managing whitebark pine in the context of recent mountain pine beetle activity and rising blister rust infection levels
- SEARCH COMMITTEE: ENVIRONMENTAL/GIS GEOGRAPHER 2009–10
- Helped compose job advertisement, conduct search, interview, and hire new faculty in the Geography program
- SEARCH COMMITTEE: LABORATORY INSTRUCTOR 2009
- Helped develop job advertisement, conduct search, interview, and hire two candidates for introductory physical geography laboratory assistant position

Professional Service

- MINNESOTA DNR PANEL ON TRADITIONAL ECOLOGICAL KNOWLEDGE (TEK) 2022
- Member of a 3-person panel that presented to 150 MN DNR employees
 - Discussed approaches to helping western science and management practitioners to effectively engage with TEK
- EDITORIAL BOARD, THE PROFESSIONAL GEOGRAPHER 2019–2023
- EDITOR, PAST GLOBAL CHANGES MAGAZINE DIVERSEK SPECIAL ISSUE 2021–2022
- Recruited manuscript submissions pertaining to integration of TEK and western science through paleoecology
 - Assembled and edited the special issue
- EXTERNAL REVIEWER FOR PROMOTION CASE TO FULL PROFESSOR AT SAN FRANCISCO STATE UNIVERSITY 2022
- SCIENTIFIC MANUSCRIPT REVIEWER 2022
- Manuscript for the following peer-reviewed journal: *Science Advances*, *Ecological Applications*, *PAGES Newsletter* (× 9), *The Professional Geographer*
- 2021
- Manuscript for the following peer-reviewed journal: *Annals of the American Association of Geographers* (× 2), *The Professional Geographer*

- Manuscript for the following peer-reviewed journal: *The Professional Geographer* (× 3) 2020
- Manuscripts for the following peer-reviewed journal: *Journal of the Torrey Botanical Society*, *The Professional Geographer*, *Tree-Ring Research* 2019
- Manuscripts for the following peer-reviewed journal: *Annals of the American Association of Geographers* (× 2), *Ecosphere*, *Forests* (× 2) 2018
 - External reviewer for tenure application at Portland State University
- *National Science Foundation Geography* and Spatial Sciences program 2017
 - Manuscripts for the following peer-reviewed journal: *Dendrochronologia*, *Ecosphere*
- National Geographic Explorers Fund 2016
 - Manuscripts for the following peer-reviewed journals: *Annals of the Association of American Geographers*, *Dendrochronologia*, *Global Change Biology* (× 2), *Tree-Ring Research*
- National Geographic Explorers Fund 2015
 - Four manuscripts for the following peer-reviewed journals: *Canadian Journal of Forest Research* (× 2), *Journal of Hydrology*, *Tree-Ring Research*
- *National Science Foundation Geography* and Spatial Sciences program 2014
 - UW-Platteville Scholarly Activity Improvement Fund
 - Six manuscripts for the following peer-reviewed journals: *Canadian Journal of Forest Research* (x2), *Dendrochronologia*, *Ecological Monographs*, *Écoscience*, *Forest Ecology and Management*
- *National Science Foundation* Catalyzing New International Collaborations (CNIC), 2013
 - *European Cooperation in Science and Technology (COST)*, *Swiss State Secretariat for Education, Research and Innovation (SERII)*
 - Five manuscripts for the following peer-reviewed journals: *Dendrochronologia*, *Earth Surface Processes and Landforms*, *Écoscience*, *Holocene*, *International Journal of Climatology*, *Plant Ecology*
- *National Geographic Society* Exploration Grant program 2012
 - Five manuscripts for the following peer-reviewed journals *Canadian Journal of Forest Research*, *Ecology and Evolution*, *Ecological Applications*, *Progress in Physical Geography*, *Tree-Ring Research*
- *National Science Foundation* Ecosystems Studies (ES), *Geography and Spatial Sciences (GSS)* programs 2011
 - UW-Platteville Scholarly Activity Improvement Fund
 - Association of American Geographers Biogeography Specialty Group student paper competition

- Three manuscripts for the following peer-reviewed journals *Forest Ecology and Management*, *Northwest Science*, *Torrey Botanical Society* 2010
- *National Science Foundation* Geography and Spatial Sciences (× 2) (GSS) programs
- Association of American Geographers Graduate Student Affinity Group grant competition
- One manuscript for *The Proceedings of the National Academy of Sciences of the United States of America* 2009
- One manuscript for the *Natural Areas Journal*
- EXTERNAL REVIEWER FOR TENURE APPLICATION AT PORTLAND STATE UNIVERSITY 2018
- FIRE WORKS EDUCATIONAL PROGRAM 2017
 - Contributed fire history data for whitebark pine module of fire ecology curriculum
- BOARD MEMBER, BIOGEOGRAPHY SPECIALTY GROUP 2012–14
 - Conducted meetings and strategic planning for the Biogeography Specialty Group of the Association of American Geographers
 - Organized student paper presentation competition for the 2013 and 2014 Annual Meetings of the Association of American Geographers, chaired paper session at 2014 Meeting
- COORDINATOR, GRANT WRITING WORKSHOP 2012
 - Planned and implemented a six-day grant-writing workshop with colleagues from UW-Eau Claire and UW-Oshkosh
 - Revised and resubmitted a ~\$1.2 million collaborative grant to the NSF
- STUDENT PAPER COMPETITION JUDGE 2011
 - Judge student paper presentations by Ph.D. and M.S. students for competitions by the Mountain Geography Specialty Group and the Biogeography Specialty Group at the 2011 Annual Meeting of the Association of American Geographers
- COLLABORATOR , USDA FOREST SERVICE MONITORING ON THE MARGINS 2011
 - Provided data on health and status of 5-needle pines that are being compiled into a database that covers North America
- SECRETARY, MOUNTAIN GEOGRAPHY SPECIALTY GROUP OF THE ASSOCIATION OF AMERICAN GEOGRAPHERS 2010–11
 - Recorded minutes from annual specialty group meeting and awards committees
 - Helped coordinate collaborative workshop with Mountain Research Initiative for the 2012 Annual Meeting of the Association of American Geographers
- SESSION CHAIR AND DISCUSSANT, DENDROECOLOGY PAPER SESSION AT THE ANNUAL MEETING OF THE ASSOCIATION OF AMERICAN GEOGRAPHERS 2010
 - Introduced presenters, managed presentation time and schedules, provided technical support, facilitated discussion at end of session
- SESSION ORGANIZER AND CHAIR, WHITEBARK PINE PAPER SESSION AT THE ANNUAL MEETING OF THE ASSOCIATION OF AMERICAN GEOGRAPHERS 2008–09
 - Worked with co-organizer Dr. Saskia van de Gevel to develop a session abstract, recruit presenters, and organize presenter schedules
- MODERATOR, UNIVERSITY OF MINNESOTA DOCTORAL DISSERTATION FELLOWSHIP SEMINAR, FEBRUARY 11, MINNEAPOLIS, MINNESOTA. 2009
 - Introduced session and presenters, managed presentation and question times
- SESSION CHAIR, DENDROECOLOGY PAPER SESSION AT THE ANNUAL MEETING OF THE ASSOCIATION OF AMERICAN GEOGRAPHERS 2007

- Introduced presenters, managed presentation time and schedules, provided technical support

Community Service

- BOY SCOUTS TRAINING EVENT 2022
- Hosted Boy Scout troop to work cover material related to their forestry merit badge, and worked in discussions of tree-ring science, climate change, and forest ecology
- HARRY NOHR WOOD TURNING CLUB 2022
- Hosted group for an evening lecture and discussion around the field of dendrochronology and the work conducted by students and faculty of the TREES Lab
- PLATTEVILLE PUB SCIENCE LECTURE 2014
- Coordinated with Steve's Pizza to host Dr. Kenny Blumenfeld for an evening of drinks mixed with discussions of weather, tornadoes, and climate change
 - Event was open to the public and attended by 120 people from the University, local, and regional communities
- PUBLIC READING OF GOBLIN SECRETS 2014
- Invited National Book Award-winning author William Alexander to campus to discuss his book, forthcoming work, and the relationship between science and fiction
 - Activities for campus visit included guest lectures to geography and literature courses and an evening reading in Nohr Gallery that was open to the public
- PUBLIC LECTURE ON MEDITERRANEAN ARCHEOLOGY 2014
- Invited Peter Brewer, Research Associate at the University of Arizona Laboratory of Tree-Ring Research to campus to present a lecture on the Aegean Dendrochronology Project
 - Evening lecture in Nohr Gallery that was open to the public and attended by over 50 people from the University and local communities
- PALEOECOLOGY SPEAKER SERIES 2012
- Invited eight speakers from across the country to come to UW-Platteville and present on respective expertise in Paleoecology and Climate Change
 - Integrated series with GEOG 1040: Planet Earth curriculum on climate change
 - Presentations were open to the public to increase community engagement
 - Over 400 attendees from the university and local communities
- BOARD MEMBER, PLATTEVILLE COMMUNITY ARBORETUM 2012–present
- PCA Secretary from 2012–present
 - Developed Arboretum master plan
 - Assisted with fund raising, trail maintenance, and outreach efforts
- TREE-RING ANALYSIS, “THAT TREE” 2012
- Volunteered expertise to determine the age and analyze growth patterns of “That Tree”, a bur oak featured in the photography of photojournalist Mark Hirsch
 - Analyses to be included in an article in *Woodlands and Prairies Magazine*

INVITED PRESENTATIONS AND PUBLIC LECTURES

Evan R. Larson. 2023. Nimaawanji'idimin Giiwitaashkodeng: Together we are gathering around the fire. Botany/Anthropology/American Indian Studies 474: Ethnobotany, University of Wisconsin-Madison, February 15.

Evan R. Larson, Melonee Montano, Valerie Zhaawenaagozikwe, Ashla Ojibway, Mocha Reynolds, Emily Lockling. 2023. *Using fire to heal the land.* The River Talks speaker series, Superior, Wisconsin, January 11.

- Evan R. Larson.** 2022. *Ishkode (fire) weaves social justice, biodiversity, and climate resiliency in Great Lakes Forests*. University of Wisconsin-Madison Environmental Engineering and Environmental Chemistry and Technology Graduate Seminar, December 9.
- Evan R. Larson.** 2022. *The story of people, fire, and pines in the Great Lakes*. Charles E. Brown Chapter of the Wisconsin Archaeological Society virtual presentation, December 8.
- Evan R. Larson,** Lane B. Johnson, Kurt F. Kipfmüller. 2022. *Fires past and fire's future in the Boundary Waters Canoe Area Wilderness*. Minnesota Division of the Izaak Walton League of America webinar, February 22.
- Evan R. Larson.** 2021. *Paths in the Wilderness: A narrative of people and land from the rings of trees*. Headwaters Unitarian Universalist Fellowship, March 7, Bemidji, Minnesota.
- Evan R. Larson** and Chris Underwood. 2021. *The Driftless Oaks: A history of climate, environment, and people from the rings of trees*. Sinsinawa Mound Center, March 3, southwest Wisconsin.
- Evan R. Larson.** 2020. *History as guide in approaching a reciprocal relationship with fire and forests of the Upper Great Lakes Region*. Wisconsin DNR Division of Forestry Biennial Statewide Conference, February 18–20, Appleton, Wisconsin.
- Evan R. Larson.** 2020. *History as guide in approaching a reciprocal relationship with fire and forests of the Upper Great Lakes Region*. Fire in Minnesota Ecosystems Workshop, January 29–30, University of Minnesota Cloquet Forestry Center.
- Evan R. Larson** and Mishiikenh Altman. 2019. *Merging western science and Traditional Knowledge to engage learners through fire history research*. Seven Generations Inter-Tribal Leadership Summit. Lac Courte Oreilles Ojibwe Community College, October 3–4, Hayward, Wisconsin.
- Evan R. Larson.** 2019. *History as guide in approaching a reciprocal relationship with fire and forests of the Border Lakes Region*. Lake States Fire Science Consortium Living with Fire Workshop, July 13, Grant Marais, Minnesota.
- Evan R. Larson.** 2019. *Wilderness burning: The long story of people, fire, and pines in the Boundary Waters Canoe Area Wilderness*. Fried Green University, April 18, Galena, Illinois.
- Evan R. Larson** and Eugene Tesdahl. 2019. *Reconsidering wilderness*. UW-Platteville College of Liberal Arts and Education Faculty Forum lecture series, March 7, Platteville, Wisconsin.
- Evan R. Larson.** 2018. *Contemplating wilderness by fire light: Empowering descendant communities through quantitative context of traditional land use practices in the Border Lakes Region*. Association of Midwest Colleges, November 2, Beloit, Wisconsin.
- Evan R. Larson.** 2018. *People, fire, and pines in the Border Lakes Region of North America: Implications of landscape structure on paleofire reconstructions*. PAGES Global Paleofire Working Group workshop Diverse knowledge systems for fire policy and biodiversity conservation workshop, Royal Holloway University of London, September 5, London, United Kingdom
- Evan R. Larson.** 2018. *Respondent to: Synthesizing the ceramic arts and science*. University of Wisconsin-Platteville College of Liberal Arts Faculty Forum Lecture Series, October 4, Platteville, Wisconsin.
- Evan R. Larson.** 2018. *Stories from people, stories from trees: Empowering Anishinaabe identity and reclaiming traditional land use through the rings of trees*. Social Justice Week, University of Wisconsin-La Crosse, April 2, La Crosse, Wisconsin.

- Evan R. Larson.** 2018. *Fire, pines, and people in the Border Lakes Region*. A presentation to the Fond du Lac Band of Lake Superior Chippewa Resource Management Division, March 13, Fond du Lac Reservation, Minnesota.
- Evan R. Larson.** 2018. *Driftless dendrochronology: Stories of the region told through the rings of trees*. Mining and Rollo Jamison Museum Winter Lyceum Lecture Series, March 11, Platteville, Wisconsin.
- Evan R. Larson.** 2018. *Wilderness wrought by man*. Sigurd Olson Environmental Institute, Northland College, February 13, Ashland, Wisconsin.
- Evan R. Larson.** 2017. *The voices of Hemlocks and Pines*. Sounds of the Driftless at Driftless market, December 1, Platteville, Wisconsin.
- Evan R. Larson.** 2017. *A geographer's perspective on culturally-modified trees (through the lens of tree rings)*. Fall Meeting of the Wisconsin Archeological Society, September 30, Beloit, Wisconsin.
- Evan R. Larson.** 2017. *Fire history, climate, and Ojibwe landuse over the past 400 years in the BWCAW and Northern Minnesota*. Chik Wauk Museum and Nature Center Lecture Series, September 23, At the End of the Gunflint Trail, northern Minnesota.
- Evan R. Larson.** 2017. *Talkative trees and the environmental history of Memorial Park*. Faculty and Fire lecture series, University of Wisconsin-Platteville Office of Sustainability, September 13, Platteville, Wisconsin.
- Evan R. Larson.** 2017. *People, fire, and pines: Reconsidering wilderness in the Border Lakes Region of Minnesota and Ontario*. Department of Earth and Environmental Sciences Lecture Series, Indiana State University, May 5, Terre Haute, Indiana.
- Evan R. Larson.** 2017. *Drought, water, people, and fire: Environmental history of the Great Lakes Region through the rings of trees*. Department of Geoscience Colloquium Series, University of Wisconsin-Milwaukee, April 13, Milwaukee, Wisconsin.
- Evan R. Larson.** 2017. *Stories through Tree Rings*. Harry Nohr Wood Turning Club, April 11, Platteville, Wisconsin.
- Evan R. Larson.** 2017. *People, fire, and pines: Reconsidering wilderness in the Border Lakes Region of Minnesota and Ontario*. Archaeology Brown Bag Lecture, University of Wisconsin-Madison, February 3, Madison, Wisconsin.
- Evan R. Larson.** 2016. *The evolution of an earth science curriculum to become more accessible and effective*. University of Wisconsin Women and Science Program Opening Workshop for New STEM Faculty, September 23, Wisconsin Dells, Wisconsin.
- Evan R. Larson.** 2016. *People, fire and nature: The idea of wilderness and creation of place*. Ox-Bow School of Art Visiting Faculty Seminar Series, July 29, Saugatuck, Michigan.
- Evan R. Larson.** 2016. *Water, people, and the land: An environmental narrative of northern Minnesota*. Crooked Lake Association Healthy Lakes Meeting, May 7, Deerwood, Minnesota.
- Evan R. Larson.** 2016. *History of the land through tree rings*. Bois Forte Heritage Center, April 21, Bois Forte Reservation, Minnesota.
- Evan R. Larson, Kurt F. Kipfmüller, and Lane Johnson.** 2016. *Fire history, climate, and Ojibwe land use over the past 400 years in the Boundary Waters Canoe Area Wilderness of Northern Minnesota*. Lake States Fire Science Consortium Webinar Series, March 17.
- Evan R. Larson and J. Elmo Rawling III.** 2015. *The environmental history at Ox-Bow*. Ox-Bow School of Art Visiting Faculty Seminar Series, August 13, Saugatuck, Michigan.
- Evan R. Larson.** 2015. *The profound impacts of invasive earthworms on hardwood forests in Wisconsin*. Ralph Nuzum Lecture Series, Kickapoo Valley Reserve, June 25, La Farge, Wisconsin.

- Evan R. Larson.** 2015. *The Good Oak: Stories of Midwestern drought and hydrologic change through tree rings*. Department of Geography Colloquium, Northern Illinois University, March 6, DeKalb, Illinois.
- Evan R. Larson.** 2015. *Stories, students, and TREES: An introduction to tree-ring research through some of the spectacular accomplishments of UW-Platteville undergraduates working in the Tree-Ring, Earth, and Environmental Sciences Laboratory*. University of Wisconsin-Platteville Retirees Breakfast, January 28, Platteville, Wisconsin.
- Evan R. Larson.** 2015. *High-impact educational experiences through the UW-Platteville TREES Lab*. Optimists International Club, January 22, Platteville, Wisconsin.
- Evan R. Larson.** 2014. *Natural history through the rings of trees*. Ralph Nuzum Lecture Series, Kickapoo Valley Reserve, July 16, La Farge, Wisconsin.
- Evan R. Larson.** 2014. *A world in pieces: Fragmentation and the fundamental influence of landscape structure on forest ecosystems*. Department of Geography, Environment and Society Coffee Hour, February 7, University of Minnesota-Twin Cities, Minneapolis, Minnesota.
- Evan R. Larson.** 2014. *Tree-ring perspectives on climate change*. Fried Green Tomatoes University, March 11, Galena, Illinois.
- Evan R. Larson.** 2013. *The tales trees tell: The science of dendrochronology*. Fried Green Tomatoes University, December 3, Galena, Illinois.
- Evan R. Larson.** 2013. *Ecological upheaval from the ground up: A tree-ring perspective on invasive earthworm impacts in Great Lakes forest ecosystems*. University of Missouri Geography Department Colloquium, November 14, Columbia, Missouri.
- Evan R. Larson,** Thomas Wilding, Kurt F. Kipfmüller, Ryan Hueffmeier, Cindy Hale, Lee Frelich, Peter Reich. 2013. *Invasive earthworms alter climate-tree growth relationships*. Invited Plenary Lecture, Second American Dendrochronology Conference, May 13–17, Laboratory of Tree-Ring Research, University of Arizona, Tucson.
- Evan R. Larson.** 2013. *The Importance of History, Geography, and Perspective: Ecological Uncertainty at the Intersection of Climate Change, Global Change, and Human Perception*. UW-Oshkosh Geography Department Geiger Lecture, March 29, Oshkosh, Wisconsin.
- Evan R. Larson.** 2013. *Ecological uncertainty at the intersection of climate change, global change, and human perception*. UW-Madison Department of Geography Yi-Fu seminar series, March 26, Madison, Wisconsin.
- Evan R. Larson.** 2013. *Shifting states in climate, tree growth, and ecosystem dynamics at arctic and alpine treelines*. Climate, People, and Environment Program (CPEP) seminar series, UW-Madison Nelson Institute Center for Climatic Research, March 25, Madison, Wisconsin.
- Evan R. Larson.** 2013. *Tree rings and the forces that form them*. Harry Nohr Wood Turning Club, March 14, Platteville, Wisconsin.
- Evan R. Larson.** 2013. *Framing the Conversation: Long-term Perspectives on Climate as Shown in Tree Rings*. PLATO (Participatory Learning and Teaching Organization) Pathways to a Sustainable Planet lecture series, March 4, Madison, Wisconsin.
- Evan R. Larson.** 2013. *Invasive earthworms as ecosystem engineers: Using tree-rings to track earthworm impacts on forests in the Great Lakes Region of North America*. Department of Earth Sciences lecture series, Willamette University, February 26, Salem, Oregon.
- Evan R. Larson.** 2013. *The role of invasive earthworms as ecosystem engineers and the associated implications for tree-ring research in the Great Lakes Region of North America*. Laboratory of Tree-Ring Research, February 21, Tucson, Arizona.

- Evan R. Larson.** 2012. *Risks, generalizations, and uncertainty surrounding the fate of whitebark pine, a foundation species of North American mountain ecosystems.* University of Northern Iowa Department of Biology Colloquium, November 9, Cedar Falls, Iowa.
- Evan R. Larson.** 2012. *The tales trees tell: Using tree rings to study environmental change.* Eagle Crest Retirement Community, June 22, Roseville, Minnesota
- Evan R. Larson.** 2012. *Interpreting forest communities.* NSF-REU #850024 Dune Undergraduate Geomorphology and Geochronology (DUGG) Project, June 3, Whitefish Dunes State Park, Door Peninsula, Wisconsin.
- Evan R. Larson.** 2012. *Ecological disaster or the limits of observation? Reconciling modern declines with the long-term dynamics of whitebark pine.* Humboldt State University Biological Sciences Seminar Series, May 4, Arcata, California.
- Evan R. Larson.** 2012. *The tales trees tell: Using tree rings to study environmental change.* Milaca Public Library, April 26, Milaca, Minnesota.
- Evan R. Larson** and Bengt Gunnar Jonsson. 2012. *The fundamental influence of landscape structure on boreal forest communities.* Gothenburg University Laboratory for Dendrochronology seminar series, March 15, Gothenburg, Sweden.
- Evan R. Larson.** 2011. *Dendroecology and the study of environmental change.* Mid Sweden University Faculty Seminar Series, November 16, Sundsvall, Sweden.
- Evan R. Larson,** Sara Allen*, Henry Dodge*, Leon Fowler*, and Brody Knaak*. 2011. *Examining the ecological effects of invasive earthworms on the Menominee Forest: Results from the field.* College of the Menominee Nation Sustainable Development Institute, July 14, Keshena, Wisconsin.
- Evan R. Larson.** 2010. *Enhancing minority participation through collaborative research: Examining the ecological effects of invasive earthworms on the Menominee Forest.* College of the Menominee Nation Sustainable Development Institute, December 8, Keshena, Wisconsin.
- Evan R. Larson,** Saskia van de Gevel, Henri D. Grissino-Mayer, and Kurt F. Kipfmüller. 2010. *Spatial and temporal variability in fire regimes and the effects of fire suppression in whitebark pine forests.* High-Five Symposium: The Future of High-Elevation Five-Needle White Pines in Western North America, June 28–30, Missoula, Montana.
- Evan R. Larson** and Kurt F. Kipfmüller. 2010. *Implications of natural regeneration for restoration in whitebark pine forests.* High-Five Symposium: The Future of High-Elevation Five-Needle White Pines in Western North America, June 28–30, Missoula, Montana.
- Elizabeth M. Campbell, Robert E. Keane, **Evan R. Larson,** Michael P. Murray, Anna W. Schoettle, and Carmen Wong. 2010. *Disturbance ecology of 'high-five pine' ecosystems in western North America.* Plenary talk, High-Five Symposium: The Future of High-Elevation Five-Needle White Pines in Western North America, June 28–30, Missoula, Montana.
- Evan R. Larson.** 2008. *Tree Rings, Forests, and Earthworms: Dating exotic earthworm invasions using tree-ring analysis and other exciting collaborative possibilities with the University of Minnesota – Duluth and the Natural Resources Research Institute.* Biology Department Seminar, University of Minnesota – Duluth, October 10, Duluth, Minnesota.
- Evan R. Larson.** 2006. *Part I. Dendroecological studies in the Department of Geography at the University of Minnesota, Part II. Trees, birds, squirrels, bears, fire, climate and people: The uncertain status of whitebark pine.* University of Minnesota Quaternary Paleoecology Seminar Series, March 1, Minneapolis, Minnesota.

Evan R. Larson* and Karen B. Arabas. 2002. *Fire history of the Lava Cast Forest and the ecological role of fire in central Oregon*. Keynote speaker at the annual conference of the Oregon Association of Farm and Rural Land Managers, February 18, Wilsonville, Oregon.

CONFERENCE & PROFESSIONAL PRESENTATIONS (*INDICATES UNDERGRADUATE STUDENT AUTHOR)

Evan R. Larson, Melonee Montano, Lane Johnson, Kurt Kipfmueller, and Sean Dunham. *Indigenous Knowledge and Tree Rings Tell a Story of Reciprocity Between People and Pines in the Great Lakes Region*. Annual Meeting of the American Association of Geographers, March 23–27, Denver, Colorado.

Emily Lockling, Ashla Ojibway, Mocha Reynolds, Valerie Zhaawendaagozikwe, Melonee Montano, and **Evan R. Larson**. 2023. *Reconstructing a History of the Anishinaabe People Through Fire: Fire History at Zhaagawamikong Neyaashi*. Annual Meeting of the American Association of Geographers, March 23–27, Denver, Colorado.

Sheri B. Ramos*, John Rodwell*, Lucas Turpin*, Grace Trenkamp*, and **Evan R. Larson**. 2023. *Groundwater access impacts tree productivity in the Central Sands of Wisconsin*. Annual Meeting of the American Association of Geographers, March 23–27, Denver, Colorado.

Kelsey Copes-Gerbitz and **Evan R. Larson**. *Lessons learned and emerging ideas for collaborative dendrochronology (tree-ring fire research)*. Annual Meeting of the American Association of Geographers, March 23–27, Denver, Colorado.

James P. Riser II, **Evan R. Larson**, Sheri B. Ramos*, Dave Stahle, Ed Cook, Mike Stambaugh, Dorian Burnette. 2023. *The Driftless Cedars: A growing network of eastern redcedar chronologies in the Driftless Area of the Upper Midwest and the nascent Great Plains Drought Atlas*. Annual Meeting of the American Association of Geographers, March 23–27, Denver, Colorado.

Emily Lockling, Ashla Ojibway, Mocha Reynolds, Valerie Zhaawendaagozikwe, Melonee Montano, and **Evan R. Larson**. 2023. *Reconstructing a History of the Anishinaabe People Through Fire: Fire History at Zhaagawamikong Neyaashi*. 13th Annual St. Louis River Summit, March 8–10, Superior, Wisconsin.

Sheri B. Ramos*, John D. Rodwell*, Lucas Turpin*, Grace C. Trenkamp*, and **Evan R. Larson**. 2022. *Groundwater access increases forest productivity in the Central Sands region of Wisconsin*. Research in the Rotunda, March 9, Madison, Wisconsin.

Grace C. Trenkamp*, Sheri B. Ramos*, John D. Rodwell*, Lucas Turpin*, and **Evan R. Larson**. 2022. *Rings and rasters: Groundwater access impacts on tree productivity in the Central Sands of Wisconsin*. Annual Meeting of the American Association of Geographers, February 25–March 1, New York, New York.

Steven Loheide, Harold Barker, Dominick Ciruzzi, and **Evan R. Larson**. 2021. *Taters, trout, and/or trees? Understanding landscape scale tradeoffs among ecosystem services and using critical zone science to evaluate the effectiveness of artificial recharge to create synergies*. American Geophysical Union Fall Meeting, December 13–17, New Orleans, Louisiana.

Dominick Ciruzzi, Harold Barker, **Evan R. Larson**, and Steven Loheide. 2021. *Remotely sensed influence of groundwater on forests during drought in Wisconsin*. American Geophysical Union Fall Meeting, December 13–17, New Orleans, Louisiana.

Evan R. Larson, Kurt Kipfmueller, Lane Johnson, and Elizabeth Schneider. 2021. *The Role of People and Fire in Shaping the Pristine Forests of the Boundary Waters Canoe Area Wilderness*. Association for Fire Ecology, November 30–December 3 [Virtual conference].

Evan R. Larson. 2021. *Forests, Fires, and People: Fire History*. Shifting Seasons Summit, April 19–21, College of Menominee Nation, Keshena, Wisconsin.

- Evan Montpellier, Daniel Brumm, Dan Crawford, Dan Griffin, Kurt Kipfmüller, **Evan R. Larson**, Jared Stachiw, T. Trumper. 2020. *Lake Itasca dendrochronological analysis of fire and climate variability*. Annual Meeting of the American Association of Geographers [Virtual Meeting].
- Tom Mirti and **Evan R. Larson**. 2020. *A 500-year reconstruction of groundwater elevation in north central Florida*. 7th Water Institute Symposium, University of Florida, February 25, Gainesville, Florida.
- Tom Mirti and **Evan R. Larson**. 2020. *A 500-year reconstruction of groundwater elevation in north central Florida*. Florida Native Plant Society, Paynes Prairie chapter, February 18, Gainesville, Florida.
- Kendra McLauchlan, Berangere Leys, Daniel Griffin, and **Evan Larson**. 2019. *Century-scale fire dynamics in a temperate oak savanna ecosystem*. American Geophysical Union Fall Meeting, December 9–13, San Francisco, California.
- Elizabeth A. Schneider, Kurt F. Kipfmüller, **Evan R. Larson**. 2019. Mechanisms of fire synchrony, upper Great Lakes Region of Minnesota. American International Association of Landscape Ecology Conference, April 8–11, Fort Collins, CO.
- Tia Federman*, Sophie Pitney*, Elissa Granger*, Chris Underwood, and **Evan Larson**. 2019. *Temperature-sensitive redcedar chronologies from the Driftless Area enable a new suite of climate reconstructions for the Great Lakes region*. Annual Meeting of the American Association of Geographers, April 3–7, Washington, D.C.
- Elizabeth A. Schneider, Kurt F. Kipfmüller, **Evan R. Larson**. 2019. Mechanisms of fire synchrony, Upper Great Lakes Region of Minnesota. Annual Meeting of the American Association of Geographers, April 3–7, Washington, D.C.
- Elizabeth A. Schneider, Kurt F. Kipfmüller, **Evan R. Larson**. Spatial patterns of fire synchrony and controlling mechanisms, Upper Great Lakes Region of Minnesota. West Lakes Division of the American Association of Geographers Conference, November 1–3, La Crosse, Wisconsin.
- Evan R. Larson**, Thomas Wilding, and Thomas Mirti. 2018. *Five centuries of groundwater elevation in north-central Florida*. Annual meeting of the American Association of Geographers, April 10–14, New Orleans, Louisiana.
- Adam Donaldson*, Kyle Gill, and **Evan R. Larson**. 2018. *Reading the rings of red pine to retell mechanisms of the historic fire regime at Cloquet, Minnesota*. Annual meeting of the American Association of Geographers, April 10–14, New Orleans, Louisiana.
- Tia Federman*, Elissa Bahr*, Greg Arther*, April Barr*, Jonathan Ley*, **Evan R. Larson**, and Chris Underwood. 2018. *Developing new tree-ring chronologies from eastern redcedar (*Juniperus virginiana*) to seek insight to variations in groundwater resources in central Wisconsin*. Annual meeting of the American Association of Geographers, April 10–14, New Orleans, Louisiana.
- Elizabeth Schneider, Kurt Kipfmüller, and **Evan R. Larson**. 2018. Spatial patterns in the historic fire regime of a fragmented landscape. Annual meeting of the American Association of Geographers, April 10–14, New Orleans, Louisiana.
- Chris Underwood and **Evan R. Larson**. 2018. *Fire history from soil charcoal in a naturally fragmented boreal forest, northern Sweden*. Annual meeting of the American Association of Geographers, April 10–14, New Orleans, Louisiana.
- Dan Brumm*, Adam Donaldson*, Jared Stachiw*, Lane Johnson, Kurt Kipfmüller, and **Evan R. Larson**. 2018. *Fire History and Historic Land Management of Quetico Provincial Park Along the Kaministiquia Route of the North American Fur Trade*. Annual meeting of the American Association of Geographers, April 10–14, New Orleans, Louisiana.

- Kurt F. Kipfmueller, **Evan R. Larson**, Lane Johnson, Elizabeth Schneider, Liam Martin, and Adam Donaldson*. 2018. *Building a fire history network in the Upper Great Lakes*. Annual meeting of the American Association of Geographers, April 10–14, New Orleans, Louisiana.
- Adam Donaldson*, **Evan R. Larson**, and Kyle Gill. 2018. *Reading the rings of red pine to investigate mechanisms of the historic fire regime at Cloquet, Minnesota*. Lake States Fire Science Consortium Webinar, January 25.
- Jonathan F. Ley*, April N. Barr*, Tia L. Federman*, Elissa R. Bahr*, **Evan R. Larson**, and Christopher A.
